NAI Governor

A Governor is a volunteer who should be a computer-savvy individual, who is good with people, who has respect for the game of hockey, and is prepared to become comfortable with interpreting written guidelines that are in place. We recommend someone who has been a team manager and has an idea of the manager role, but it is not a requirement to have been a manager before.

The Governor must be a bipartisan volunteer who is available for calls or emails and willing to volunteer a few hours a week to aid the League's Executive in facilitating and directing association coaches and managers under the Regulations of NAI, Hockey Alberta, and Hockey Canada, with the assistance and guidance of a Senior Governor and the NAI Executive.

Being a governor, you are the main go-to for team managers in your division and tier. Managers will contact you throughout the week and on weekends. You can set a "best time" for answering calls and emails (we don't expect you to answer things when you are at work) but if you travel for work a lot or have limited availability to the internet or poor cell reception, this job might not be for you. You guide the managers in helping them with posting their game results online, uploading copies of the paperwork, and making sure things are sent to the correct people, like the discipline coordinators. As a governor, you monitor that their deadlines are met and that things comply with NAI, Hockey Alberta, and Hockey Canada rules.

ICE SCHEDULER

1. Prepare a draft ice schedule for approval by the Executive Committee prior to the annual arena users meeting usually held during the month of April each year.
2. Represent the Association and work with the town to obtain the ice schedule required to provide the Association's minor hockey program.
3. Provide game ice times required for all teams participating in the Association's leagues, Provincial Playoffs, tournaments and exhibition games approved by the Executive.
4. Provide practice ice schedules for all Association teams in accordance with the practice ice time allocated to each team approved by the Executive Committee.
5. Provide a detailed ice usage spreadsheet to the Treasurer to reconcile ice costs versus ice usage. Prepare a detailed ice usage spreadsheet, to be submitted at the request of the Executive. Provide a monthly report to the 1st VP of Operations of all games schedules/cancelled prior to each monthly Executive Meeting for presentation and review of the board.
6. Work in partnership with Referee in Chief to ensure all games have appropriate referees.
